

Resume Stanley P. Cauvain, *BakeTran*, UK

An Honorary President and holder of a Friedrich Schweitzer medal (2004), Stan was the recipient of the UK British Baker Special Award (1998) and an Eberhard Paech award from the German Technical Baking Industry (2010). He was an Adjunct Professor of the International Institute of Agri-Food Security, Curtin University, Perth, WA (2015-2018) and was elected as a Liveryman of the Worshipful Company of Bakers (London) in 2019.

Following commercial experiences in flour milling, bread baking and product development, he spent many years leading multi-faceted research teams at Chorleywood and from 1994-2004 he was Director of the Cereals and Cereal Processing Division within the Campden & Chorleywood Food Research Association. He co-founded the international baking consultancy *BakeTran* in 2005.

He has written and co-edited 16 books on baking and milling, as well as over 200 scientific and technical articles, and is a regular speaker at cereal science conferences.
